Andrea Lehnerts Kunst scheint von demselben Impuls getrieben, wie jene von Odilon Redon, wobei Farbe eine spirituelle Realität enthüllt (oder öffnet?) und die flüchtige Figuration zwischen Erinnerung und Traumsequenzen changiert, so dass Lehnert einen packenden Bildrhythmus schafft, der die visuelle Bildebene weit übersteigt.

Denise Wendel-Poray

Andrea Lehnert's art seems driven by the same impulse as that of Odilon Redon whereby colour unlocks a spiritual reality and fleeting figuration drifts between memory and dream sequences, thus Lehnert creates an enthralling pictural rhythm which surpasses the visual realm.
